

```
int sumlistrec(List list) {  
    int sum = 0;  
    if (list.isEmpty())  
        sum = sum;  
    else  
        sum += ((Integer)list.get(0)).intValue() +  
               sumlistrec(list.subList(1,  
                                       list.size()));  
    return sum;  
}
```
