

```
int sumlistrec(List<Integer> list) {  
    int sum = 0;  
    if (list.isEmpty())  
        sum *= sumlistrec(list);  
    else  
        sum += list.get(0)/2 + sumlistrec(  
            list.subList(1, list.size()));  
    return sum;  
}
```
