```java
int sumlistrec(List list) {
    int sum = 0;
    if(list.isEmpty())
        sum = sum;
    else
        sum += ((Integer) list.get(0)).intValue() +
            sumlistrec(list.subList(1,list.size()));

    return sum;
}
```
